WEB DEVELOPMENT AND TRAINING

Owner, Tower Studios

Founded in Santa Barbara, CA, 2000 (www.towerstudios.com)

- □ Tower Studios provides expert web site development services, from initial planning and design through site launch and ongoing maintenance.
- □ We specialize in building database-driven web applications and interactive multimedia.

Consultant and Developer, Nuclear Age Peace Foundation

Santa Barbara, CA, current (www.wagingpeace.org)

- □ Created online members registration and tracking system with administrative interface for foundation web sites, using ASP for database connectivity.
- □ Added suite of online data-collection forms for members joining at seven different levels, and for users making donations, signing appeals, or sending page referrals.
- □ Provided scripting for website Members Area and integrated ASP discussion board.
- □ Built online quiz feature for foundation's educational web site.
- □ Providing ongoing technical support and training.

Developer, QuizRunner

Santa Barbara, CA, current (www.quizrunner.com)

- Used ASP to build an online learning application that allows users to create and take quizzes through a browser interface.
- Created database support to store student results and quiz contents. Quizzes are generated dynamically, and results can be viewed in table or chart form.
- Continuing to add features as user base expands.

Consultant and Developer, LunaGifts.com

Santa Barbara, CA, 2000 (www.lunagifts.com)

- Built client's online store, selling gift baskets for people with health problems.
- Refined client's original design, creating custom ShopSite page and product templates; prepped all images.
- Added customer feedback form and customized shopping cart pages.
- Provided ongoing technical support and back office management training.

Developer, The Munich Experience

Cleveland, OH, 2000 (www.cwru.edu/artsci/modlang/munich)

- Built informational site on University-sponsored study abroad program, with accompanying faculty pages.
- Created all design and graphic content.
- Provided ongoing technical support and content updates.

Network Project Development Coordinator, Case Western Reserve University

Cleveland, OH, 1992 to 1996

- Worked with a team to develop Web-based interactive language program with students at Waseda University, Tokyo, Japan.
- Developed curriculum and oversaw production of language exchange activities, including e-mail and bi-campus, bilingual multimedia projects.
- Planned and participated in annual Network Project Development and Curriculum Planning Conferences in Tokyo and Cleveland.

TEACHING**Instructor, UCSB Extension Programs**

Santa Barbara, CA current

- "Interactive Multimedia with Macromedia Director," UCSB Extension International Programs, Summer 2001.
- "Editing Digital Video with Adobe Premiere 6," UCSB Extension Digital Arts program, Spring 2001.

- □ "Elements of Website Development Using HTML," UCSB Extension Digital Arts □ program, Winter 2001.
- □ "Optimizing Graphics for the Web," UCSB Extension Digital Arts program, Summer □2000, 2001.
